FAIR PLAY IS A JEWEL

This Is All That the Evangelist
Asks For.

THE LIQUOR TRAFFIC HATES HIM

At the Opera House Last Night—Doctor
Tracy Was Here Under the Auspices of
the Ladies Auxiliary to the Y. M. C. A.
Tracy Acts the Part of a Christian.

Evangelist Tracy appeared at the
Grand Opera House last night, under
the auspices of the Ladies auxiliary to
the Young Men's Christian association.
There was but a small audience present,
but those in attendance had a genuine
treat, an attraction which was indeed
very pleasing and which won hearty ap-
plause. The evangelist announced that
he would leave for home on Saturday
morning, as he was really ill and some-
what weary of constant persecution, not
only at the hands of the liquor
league, but at the hands of
men who should be his friends and co-
workers. He referred to the article pub-
lished in the downtown daily in its issue
of last night, copied from the Mansfield
News, and stated that the article was
false in every particular. The incident
to which the Mansfield paper refers, oc-
curred between six and seven years ago,
and the ear marks show plainly that the
liquor league, against whom Tracy is
striking such doughty blows, is the
mainspring and pushing power. The
Mansfield paper said at that time that the
evangelist had been forbidden the use of
a church in that place, and the pastor of
said church promptly replied that the
paper's statement was absolutely false.
Other charges were made, and the Wo-
man's Christian Temperance union of
the town promptly denied them in toto.
The miserable sheet was checked at
every point, and, as a consequence, it
still spits forth its venom. Some time
afterward, copies of this same miserable
sheet were distributed broadcast, con-
taining the same old charges, these
papers being circulated on the trains in
the far west, showing that the miserable
wretch controlling the paper was and is
acting directly under the orders of the
liquor league.

In speaking of the down town sheet
copying the article in question at the
present time, Evangelist Tracy showed
the spirit of a true man and Christian
when he said that he "supposed the
local paper published it as a matter of
news; but that it was unkind to do
so, under existing circumstances."

The evangelist then took up the ac-
tions of Rev. R. B. Pope, of Steubenville,
and Rev. J. M. Huston, of East
Liverpool, and asserted that he could
not understand how these Christian
brethren could wage war against him.
Referring to Rev. Pope, the evangelist as-
serted that all his statements and charges
were simply a reshuffle of the same charges
which the reverend gentleman had made
against Doctor Tracy years ago; charges
which Pope had received from the Mans-
field News, and which he had furnished
the Steubenville Herald, and were pub-
lished in that paper after the evangelist
left Steubenville. The Steubenville
Gazette stood staunchly by the temper-
ance apostle all the way through, and
great crowds were nightly in attend-
ance, hundreds being unable to obtain
admission. Over 2,000 people signed the
pledge. After Doctor Tracy took his de-
parture, the Herald produced the Mans-
field liquor league article. The friends
of Doctor Tracy rose up in righteous
indignation and entered hot protest,
eventually bringing the evangelist back
to the city again, where he was accorded
an ovation, and faced a magnificent
audience of representative citizens.
After the meeting, a set of resolutions,
very warmly commending Doctor Tracy
for his heroism in battling against the
rum demon, and for his self-sacrificing
life, were drawn up and unanimously
passed, and signed by REVEREND
SWARTZ, pastor of the Congregationalist
church, and by REVEREND STEWART,
PRESIDENT ELDER of the METHODIST EPIS-
COPAL CHURCH, as a committee. Think
of it, all lovers of fair play! Think of it,
Christian men and women of East Liv-
erpool—these old charges, foully hashed
up by the Mansfield News, copied in the
Steubenville Herald, after the evangelist
had left the city, are now reshuffled by
Reverend Pope, sent by letter to Rev. J.
M. Huston, and used as a medium to at-
tempt to blacken the life of a redeemed
man, freed, by the mercy of God, from
the clutches of the demon of rum.

Rev. J. M. Huston may be an inno-
cent party to this crying sin and shame.
The NEWS REVIEW earnestly hopes that
he is. Evangelist Tracy calls down
God's blessing upon him, and said last
night, from the platform, that Reverend
Huston might have been led to honestly
believe that he (Tracy) is a fraud. Then
he added that, when Reverend Huston

discovered his mistake, and found that
he had harmed an innocent man, he
would, by the blessing of God in his
heart and life, be compelled to render
the injured man justice, and publicly
proclaim the fact. Tracy further said
that, if Reverend Pope knew him to be
a bad man, it was Pope's bounden duty
to bring the matter before the Methodist
conference and have a bad man silenced,
in so far as the Methodist church can
do so; and that it is now the bounden
duty of Rev. J. M. Huston to do this,
believing, as he does, that Tracy is an
unworthy man and brother, and the evangelist proclaimed
the fact that he courts such examination
on the part of his beloved church.

Referring to the charge that he had
borrowed \$30 from Reverend Reager,
of Wellsville, and never repaid the loan,
as Rev. J. M. Huston had informed the
ladies of the Woman's Christian Tem-
perance union, the evangelist pro-
nounced such a statement as absolute
untruth, as he never borrowed even so
much as a penny from Reverend Reager,
and, as proof of this, would respectfully
refer his maligners to Reverend Reager,
who is certainly good authority upon the
subject.

Evangelist Tracy, at the earnest soli-
citation of three representative citizens
of East Liverpool, who assured him that
it was his Christian duty to face the
liquor element in this city, and not leave
East Liverpool until even better seed of
temperance is sown, finally consented to
remain over and face the music.

Tonight the gallery will be free and
the auditorium can be occupied for the
small admission fee of ten cents. The
title of the talk tonight will be "Boys
and Girls, Nice and Naughty." Beau-
tiful allegories by the stereopticon and
life on canvas by the wonderful magni-
scope. The evangelist will give you an
entertainment delightful, instructive
and conducive of good. Sunday after-
noon, at 3 o'clock, at the opera house,
the great lecture entitled "Real Life, or
the Broken Chains." Sunday night, the
house will no doubt be packed, and you
will do well to go early.

THE DEAL IS CLOSED.

Thomas Clinton Goes to Zanesville Monday
Morning.

Thomas Clinton, one of the leaders in
the company organized here to buy and
operate a plant in Zanesville, has re-
ceived a telegram from James Hodge,
the New York man who owns the plant.
That closed the deal, and Mr. Clinton
will leave next Monday morning for
Zanesville. He hopes to have the pot-
tery in condition to put a full force at
work within a few weeks. It is possi-
ble that some other stockholders will
accompany him.

BIG BUNDLES OF CLOTHING

Show That the People Read the News Re-
view.

"You can easily tell that the people
read the NEWS REVIEW," said Trustee
Albright this morning. "Look at those
donations," he continued, pointing to
great piles of old clothes and bedding,
"and there are more to come. The peo-
ple have responded nobly to our appeal
published in your paper last night, and
we can clothe some poor fellows before
the day is over. But we want all we
can get. Tell that to the city again, and
the destitute will thank you as heartily
as do the trustees."

HEART TROUBLE

Caused Henry Smith to Sink Dying to the
Pavement.

Henry Smith, aged 68 years, dropped
dead in Georgetown yesterday. Heart
disease was the cause. He was carrying
a bucket of water in each hand, and was
but a few rods from his home when he
sank to the ground. Friends noticing
the happening at once ran to the
stricken man's side, but he passed away
almost instantly. Mr. Smith had the
highest regard of all who knew him.
For many years he resided at the home
of his daughter.

FROZE HIS FEET

While Riding in a Street Car to Wells-
ville.

"Are the street cars cold?" Ask
Henry McGill, of Jethro.

Mr. McGill boarded a car in the West
End the other day and rode to Wells-
ville. He suffered greatly with the cold
on the trip, and found soon after leav-
ing the car his feet were frozen. Mr.
McGill positively declares it was the
frigid temperature in the car that
caused his feet to freeze.

McGEEVER FELL

And as a Result the McNeil Plant Was
Shut Down.

Michael McGeever, a slipmaker at the
McNeil pottery, fell last evening and
was severely injured, being unable to
report for duty at the pottery this
morning. As a result of his injuries the
plant was shut down today. The work-
men could not procure clay.

GET OFF THE PAVEMENT

Teamsters Can Be Arrested
and Punished.

A NUISANCE LONG ENDURED

The Ordinance Is Supported by a Strong
Word From Judge Robinson When He
Charged the Jury in the Delia Morris
Case—Enforce the Law.

An intolerable nuisance is the use of
sidewalks by teamsters, particularly
now that the snow is piled deep in every
street in town.

Teamsters with coal are prone to drive
on the pavement, leaving their horses so
that anyone desiring to walk that way
must go into the street. Instances of
this kind have repeatedly come to the
attention of the NEWS REVIEW, and
complaint after complaint has come to
this office. Ladies who have been put
to great inconvenience because of
wagons on the sidewalks, have won-
dered many times why the authorities
do not enforce the law. There is an
ordinance governing the point, and the
ordinance is backed by a strong utter-
ance from Judge Robinson. The gen-
tleman when he, in common pleas
court, charged the jury in the Delia
Morris case, said:

"You will understand that because the
city of East Liverpool may have granted
to Mrs. Morris the right to erect this
coal hole and cover in the sidewalk on
the street, such a grant in no way would
relieve Mrs. Morris from the legal duties
cast upon her in relation to the care to
be exercised in such erection and main-
tenance thereof. The sidewalks of the
public streets of the city were made for
the use of foot passengers both in pass-
ing along the street, and as a means of
access to the buildings abutting thereon,
and the city neither did, nor could it,
grant to any person any rights in such
sidewalk, in respect to using it for a
different purpose."

That covers the case to the satisfaction
of all, and should serve as a warning to
all persons who believe they can do as
they wish. It is the duty of the police
to enforce the ordinance.

MARLATT BROKE LOOSE.

He Claims a Conspiracy Is Being
Formed.

COLUMBUS, Jan. 30.—[Special.]—Ira
Marlatt, the demon prisoner at the peni-
tentiary broke loose again yesterday.
He has been quiet for some time, but the
strait was too great, and he gave vent
to his feelings by breaking a bucket
against the sides of the cell. Several
feet of wire were found in his cell.

He claims that a conspiracy is being
organized against him, and he does not
propose to submit to it any longer. He
has been denied anything to eat and
drink until he will leave his cell hand-
cuffed and allow it to be renovated.
Marlatt is a mystery to the officials, and
they do not know what to do with him.
Kindness does not seem to do any good,
and he is almost unconquerable by force.
His case is a study yet unsolved.

DENIED THEIR GUILT.

All the Indicted Ones Were Arraigned in
Court.

LISBON, Jan. 30.—[Special.]—The fol-
lowing were arraigned in common pleas
court, pleas of not guilty being entered
and court assigned counsel for each:
Harry Fogo, Wellsville, larceny; Fred
Saley, furnishing to minor, four charges;
John Jackson, Hanover, burglary; Wil-
liam Applegate, Lisbon, rape; John
Mause, Salem, selling to habitual;
Charles Feasline, Lisbon, cutting to kill;
John Grafton, Frank Kerr, James
Hamilton, John McCalmont, Wellsville,
refusing to receive vote of qualified
elector.

Court adjourned last night until one
week from Monday when a change of
arrangements places Judge Smith on the
bench.

SCHIVEREA'S SUCCESS.

Over Three Hundred Conversions in
Steubenville.

STEUBENVILLE, Jan. 29.—The revival
which Evangelist Rev. Ferd Schivera,
of New York City, has been conducting
here for the past four weeks closed last
night. The meetings have attracted
large crowds. There have been about
300 conversions. The churches connected
with the union revival will now conduct
independent, protracted meetings to
gather in the converts. Three and four
meetings a day have been held in some
instances.

VIEWING STREETS.

Council Inspects a Hump in Bradshaw
Addition.

The members of council were called to
meet this afternoon for the purpose of
viewing several streets in Bradshaw ad-

dition. The visit is made to determine
what improvements are necessary, and
to settle the location of that hump in
Minerva street. Residents of that part
of the city believe they will have some
sadly needed improvements next spring.

ONLY A STORY.

Nothing in a Tale About the Trip of the
Eighth.

The Alliance Leader yesterday stated
that the Eighth regiment would not go
to Washington as Major McKinley's
escort if the railroad companies did not
reduce the transportation rate from \$11.
Captain Hill said this morning there
was nothing in the story, as the under-
standing had been that the fare was
several dollars lower than the price
given by the Leader. It was generally
believed the cost of the trip was not to
exceed \$10 per man.

SHOT TWO DOGS.

J. F. McCoy Grew Weary of their Savage
Attacks.

J. F. McCoy while trimming the
electric lamps this morning in California
hollow shot two dogs. The animals have
been annoying him for several weeks,
and were very savage. Their owners
were notified but made no attempt to
stop them, and Mr. McCoy decided to
rid the earth of their presence. One
animal was not killed, but will not
annoy people for some time.

YES, IT EXPLODED.

A Small Italian Put a Match in a Gasoline
Can.

A six-year-old son of Joe Vitalie stuck
a match in a can filled with gasoline.
This afternoon to see if it would explode.
It exploded, and the boy was severely
burned about the face and hands.

Died in Rogers.

Stephen Crawford, a well-known
farmer, died at his home near Rogers
yesterday as a result of an attack of
heart trouble. Deceased was 55 years
old. He had been illing for some time,
and his faithful wife attended to his
wants until compelled to take to her
bed from sheer exhaustion. The death
of her husband prostrated her, and fears
are entertained that she will not re-
cover.

His Work Is Done.

If the weather permits the bridge em-
ployes will resume work Monday morn-
ing. E. S. Ficks, the engineer who
made many friends while here, has
completed his work in the city and this
morning returned to Steubenville. He
says there yet remains 10 day's work to
be done on the bridge. Mr. Ficks does
not know where the company will send
him. They have a number of contracts
to fill.

The Ice Gave Way.

Frank Snowden and J. R. Hall, col-
ored employes of the Hotel Grand, re-
ceived a cold bath this morning. They
were watching the people cutting ice at
the foot of Union street when the ice
under their feet broke and they fell into
the river. The water was not deep, and
they were able to scramble out without
assistance.

Dead Broke.

The weighing machine in the passen-
ger station is out of order, and the fact
is announced to the public by a card
bearing the expressive word "broke." Some
humorist, probably in the unen-
viable condition of the machine, has
written in bold letters above the an-
nouncement, "dead."

The Poverty Social.

The poverty social held at the First
U. P. church last evening was a unique
affair. Many were attired in costumes
of ancient date, and their appearance
provoked mirth. An excellent program
was given. Hot coffee and ginger
bread were served, and everyone passed
a pleasant evening.

A Challenge.

Chief Johnson has great faith in his
abilities as a walker, and has challenged
the other city officials to a match. The
challenge has not yet been accepted, but
it is whispered around that Officer Bur-
gess and Mayor Gilbert are training in
secret with the hope of lowering the
chief's colors.

In a Precarious Condition.

William Skyles, an employe of the
Thompson pottery this morning was
seized with hemorrhages at his boarding
house on Second street, and for a time it
was thought he would not recover. He
is this afternoon a little better, but is
still in a precarious condition.

Invited to Locate.

Secretary Travis of the board of trade
this morning wrote to Conrad Brothers,
proprietors of the Great Western pottery
works, which burned Tuesday morning
at Kokomo, Ind., inviting them to locate
in this city.

YOUNGSTOWN IN VIEW

The Specialty Would Like to
Locate There.

BOARD OF COMMERCE WILL ACT

A Representative of the Company Will
Attend the Regular Monthly Meeting
Next Monday Afternoon, and Lay the
Plan Before Them.

The Specialty Glass company want to
locate their plant in Youngstown. The
Telegram of yesterday says:

"It is a well-to-do concern, and is grow-
ing so rapidly that its business demands
larger quarters and more room than its
present location will permit.

"A letter has been received in this city
from J. M. Manor, president and man-
ager of the Specialty Glass company of
East Liverpool, asking that the board of
commerce of Youngstown give his com-
pany an opportunity to locate here. He
says in his letter that his company man-
ufactures fine tableware, and that it has
a trade established in the United States,
Canada and Mexico, having been in the
glass manufacturing business for nine
years.

"The plant as at present located at
East Liverpool has an annual manu-
factured output valued at \$150,000. It
employs from 150 to 165 hands. The
wages it pays to skilled labor range from
\$2 to \$8 a day; boys and girls are paid
from 50 cents to \$1.35 a day. The reasons
given by Mr. Manor for the company
wanting to remove to this city is that
there is a lack of proper facilities to in-
crease the working capacity of the plant,
which are not afforded by its present
location.

"Mr. Manor says that the company
will be glad to send representatives to
this city, who will tell all about the
plant and the business, and will be able
to explain matters better than by a let-
ter. Secretary Mason Wick of the board
of commerce said that he would write
Mr. Manor to send a representative to
the regular monthly meeting of the
board of commerce, which will be held
next Monday afternoon."

Two Cases.

George McCurran received judgment
this morning against William Perry for
\$18, due on a note. The case was heard
by Squire Rose.

John T. McDonald, of the East End,
entered suit this morning against Mon-
roe Patterson to recover the machinery
in the East End brick yard, upon which
he holds a chattel mortgage.

Talked of the Order.

Mr. Swartz, head of the Mystic Circle
in Ohio, was here for a short time yester-
day, the guest of T. H. Arbuckle.
Mr. Swartz will return to the city next
week and remain several days looking
after business connected with the order.

Went Home Disappointed.

Robert Mackall, the Georgetown man
who was robbed on Fourth street a few
weeks ago, was in town today inquiring
if the authorities had arrested the thief
and recovered his money. He went
home disappointed.

A Fast Boat.

Capt. Walter Madden, of Brown's
island, has let the contract for his new
boat. The craft will be finished within
two months, and will be one of the
fastest on the Ohio between Pittsburg
and Wheeling.

Broke the Record.

The burning of the Christian church
breaks the record at the fire station, and
makes nine alarms this month. Previous
to this time the largest number was
eight in one month.

Prominent Business Man Dead.

LISBON, Jan. 30.—[Special.]—J. L.
Forbes, a prominent business man of
this place, died at noon of heart trouble.
He was in the lumber business here for
many years.

Thanking the Firemen.

E. F. Specht desires to thank the fire-
men for their efficient work in saving
his house and furniture during the fire
Thursday night.

Will Pay Bills.

The Board of Education will meet
and pay bills Monday evening. There
is no other business of importance.

Good Skating.

There is ice along the river from the
city to Rochester, and skating between
the cities is good.

A Reception.

The Elks will tender a reception to
William Erlanger and bride next Mon-
day evening.

A Son.

Born to Mr. and Mrs. Jerry Lanning,
of West Market street, a son.

The Ordinance Is Supported by a Strong Word From Judge Robinson When He Charged the Jury in the Delia Morris Case—Enforce the Law.

An intolerable nuisance is the use of sidewalks by teamsters, particularly now that the snow is piled deep in every street in town.

Teamsters with coal are prone to drive on the pavement, leaving their horses so that anyone desiring to walk that way must go into the street. Instances of this kind have repeatedly come to the attention of the NEWS REVIEW, and complaint after complaint has come to this office. Ladies who have been put to great inconvenience because of wagons on the sidewalks, have wondered many times why the authorities do not enforce the law. There is an ordinance governing the point, and the ordinance is backed by a strong utterance from Judge Robinson. The gentleman when he, in common pleas court, charged the jury in the Delia Morris case, said:

"You will understand that because the city of East Liverpool may have granted to Mrs. Morris the right to erect this coal hole and cover in the sidewalk on the street, such a grant in no way would relieve Mrs. Morris from the legal duties cast upon her in relation to the care to be exercised in such erection and maintenance thereof. The sidewalks of the public streets of the city were made for the use of foot passengers both in passing along the street, and as a means of access to the buildings abutting thereon, and the city neither did, nor could it, grant to any person any rights in such sidewalk, in respect to using it for a different purpose."

That covers the case to the satisfaction of all, and should serve as a warning to all persons who believe they can do as they wish. It is the duty of the police to enforce the ordinance.

MARLATT BROKE LOOSE.

He Claims a Conspiracy Is Being Formed.

COLUMBUS, Jan. 30.—[Special.]—Ira Marlatt, the demon prisoner at the penitentiary broke loose again yesterday. He has been quiet for some time, but the strain was too great, and he gave vent to his feelings by breaking a bucket against the sides of the cell. Several feet of wire were found in his cell.

He claims that a conspiracy is being organized against him, and he does not propose to submit to it any longer. He has been denied anything to eat and drink until he will leave his cell handcuffed and allow it to be renovated. Marlatt is a mystery to the officials, and they do not know what to do with him. Kindness does not seem to do any good, and he is almost unconquerable by force. His case is a study yet unsolved.

DENIED THEIR GUILT.

All the Indicted Ones Were Arraigned in Court.

LISBON, Jan. 30.—[Special.]—The following were arraigned in common pleas court, pleas of not guilty being entered and court assigned counsel for each: Harry Fogo, Wellsville, larceny; Fred Saley, furnishing to minor, four charges; John Jackson, Hanover, burglary; William Applegate, Lisbon, rape; John Maese, Salem, selling to habitual; Charles Feasline, Lisbon, cutting to kill; John Grafton, Frank Kerr, James Hamilton, John McCalmont, Wellsville, refusing to receive vote of qualified elector.

SCHIVEREA'S SUCCESS.

Over Three Hundred Conversions in Steubenville.

STEUBENVILLE, Jan. 29.—The revival which Evangelist Rev. Ferd Schiverea, of New York City, has been conducting here for the past four weeks closed last night. The meetings have attracted large crowds. There have been about 300 conversions. The churches connected with the union revival will now conduct independent, protracted meetings to gather in the converts. Three and four meetings a day have been held in some instances.

VIEWING STREETS.

Council Inspects a Hump in Bradshaw Addition.

The members of council were called to meet this afternoon for the purpose of viewing several streets in Bradshaw ad-

dition. The visit is made to determine what improvements are necessary, and to settle the location of that hump in Minerva street. Residents of that part of the city believe they will have some sadly needed improvements next spring.

ONLY A STORY.

Nothing in a Tale About the Trip of the Eighth.

The Alliance Leader yesterday stated that the Eighth regiment would not go to Washington as Major McKinley's escort if the railroad companies did not reduce the transportation rate from \$11. Captain Hill said this morning there was nothing in the story, as the understanding had been that the fare was several dollars lower than the price given by the Leader. It was generally believed the cost of the trip was not to exceed \$10 per man.

SHOT TWO DOGS.

J. F. McCoy Grew Weary of their Savage Attacks.

J. F. McCoy while trimming the electric lamps this morning in California hollow shot two dogs. The animals have been annoying him for several weeks, and were very savage. Their owners were notified but made no attempt to stop them, and Mr. McCoy decided to rid the earth of their presence. One animal was not killed, but will not annoy people for some time.

YES, IT EXPLODED.

A Small Italian Put a Match in a Gasoline Can.

A six-year-old son of Joe Vitalie stuck a match in a can filled with gasoline, this afternoon to see if it would explode. It exploded, and the boy was severely burned about the face and hands.

Died In Rogers.

Stephen Crawford, a well-known farmer, died at his home near Rogers yesterday as a result of an attack of heart trouble. Deceased was 55 years old. He had been ill for some time, and his faithful wife attended to his wants until compelled to take to her bed from sheer exhaustion. The death of her husband prostrated her, and fears are entertained that she will not recover.

His Work Is Done.

If the weather permits the bridge employees will resume work Monday morning. E. S. Fickes, the engineer who made many friends while here, has completed his work in the city and this morning returned to Steubenville. He says there yet remains 10 day's work to be done on the bridge. Mr. Fickes does not know where the company will send him. They have a number of contracts to fill.

The Ice Gave Way.

Frank Snowden and J. R. Hall, colored employees of the Hotel Grand, received a cold bath this morning. They were watching the people cutting ice at the foot of Union street when the ice under their feet broke and they fell into the river. The water was not deep, and they were able to scramble out without assistance.

Dead Broke.

The weighing machine in the passenger station is out of order, and the fact is announced to the public by a card bearing the expressive word "broke." Some humorist, probably in the unenviable condition of the machine, has written in bold letters above the announcement, "dead."

The Poverty Social.

The poverty social held at the First U. P. church last evening was a unique affair. Many were attired in costumes of ancient date, and their appearance provoked mirth. An excellent program was given. Hot coffee and ginger bread were served, and everyone passed a pleasant evening.

A Challenge.

Chief Johnson has great faith in his abilities as a walker, and has challenged the other city officials to a match. The challenge has not yet been accepted, but it is whispered around that Officer Burgess and Mayor Gilbert are training in secret with the hope of lowering the chief's colors.

In a Precarious Condition.

William Skyles, an employee of the Thompson pottery this morning was seized with hemorrhages at his boarding house on Second street, and for a time it was thought he would not recover. He is this afternoon a little better, but is still in a precarious condition.

Invited to Locate.

Secretary Travis of the board of trade this morning wrote to Conrad Brothers, proprietors of the Great Western pottery works, which burned Tuesday morning at Kokomo, Ind., inviting them to locate in this city.

YOUNGSTOWN IN VIEW

The Specialty Would Like to Locate There.

BOARD OF COMMERCE WILL ACT

A Representative of the Company Will Attend the Regular Monthly Meeting Next Monday Afternoon, and Lay the Plan Before Them.

The Specialty Glass company want to locate their plant in Youngstown. The Telegram of yesterday says:

"It is a well-to-do concern, and is growing so rapidly that its business demands larger quarters and more room than its present location will permit."

"A letter has been received in this city from J. M. Manor, president and manager of the Specialty Glass company of East Liverpool, asking that the board of commerce of Youngstown give his company an opportunity to locate here. He says in his letter that his company manufactures fine tableware, and that it has a trade established in the United States, Canada and Mexico, having been in the glass manufacturing business for nine years."

"The plant as at present located at East Liverpool has an annual manufactured output valued at \$150,000. It employs from 150 to 165 hands. The wages it pays to skilled labor range from \$2 to \$8 a day; boys and girls are paid from 50 cents to \$1.35 a day. The reasons given by Mr. Manor for the company wanting to remove to this city is that there is a lack of proper facilities to increase the working capacity of the plant, which are not afforded by its present location."

"Mr. Manor says that the company will be glad to send representatives to this city, who will tell all about the plant and the business, and will be able to explain matters better than by a letter. Secretary Mason Wick of the board of commerce said that he would write Mr. Manor to send a representative to the regular monthly meeting of the board of commerce, which will be held next Monday afternoon."

Two Cases.

George McCurran received judgment this morning against William Perry for \$18, due on a note. The case was heard by Squire Rose.

John T. McDonald, of the East End, entered suit this morning against Monroe Patterson to recover the machinery in the East End brick yard, upon which he holds a chattel mortgage.

Talked of the Order.

Mr. Swartz, head of the Mystic Circle in Ohio, was here for a short time yesterday, the guest of T. H. Arbuckle. Mr. Swartz will return to the city next week and remain several days looking after business connected with the order.

Went Home Disappointed.

Robert Mackall, the Georgetown man who was robbed on Fourth street a few weeks ago, was in town today inquiring if the authorities had arrested the thief and recovered his money. He went home disappointed.

A Fast Boat.

Capt. Walter Madden, of Brown's island, has let the contract for his new boat. The craft will be finished within two months, and will be one of the fastest on the Ohio between Pittsburg and Wheeling.

EAST LIVERPOOL, O., SATURDAY, JAN. 30

READ very carefully the article in this issue of the NEWS REVIEW respecting Evangelist Tracy.

MAJOR MCKINLEY and KANSAS celebrated their birthdays yesterday. That is rather hard on the next president.

MAJOR MCKINLEY's secretary of the treasury seems to be a pretty good Republican after all. He only voted for Cleveland once.

THOUSANDS of Chicago people are starving in full view of warehouses and elevators filled to overflowing with wheat and corn. Verily, a pitiable spectacle.

THE Steubenville Gazette almost revels in the knowledge that some people in that town are starving. Poor policy even if it is done to influence the view of some voters.

If the rabid chap who does editorial work for the Leontina Reporter possessed any considerable amount of influence, he would soon transform that peaceful village into a hotbed of anarchy.

THE Indiana senate has passed a resolution asking a constitutional amendment that will allow the election of United States senators by the people. Ohio should fall into line next year.

THE Nebraska legislature has adopted a resolution in which John P. Altgeld is styled the "patriot and friend of the people." Who says the whiskered Populist of the windy west isn't fond of a joke?

THE legislatures in four silver states are deadlocked on the choice of senators. If they could only be induced to remain in this interesting condition for a few months they might at last get their fill of politics.

THE NEWS REVIEW begs the pardon of its readers for the hour at which the paper was issued last night, but a rush of advertising at the last minute made it impossible, even with the resources of this office, to secure workmen and put out an extra sheet. We can faithfully promise it will not occur again.

THE suffering occasioned by the severe cold weather cannot but be increased if a thaw does not come soon. East Liverpool is not so unfortunate as some of its neighbors, but it has abundant proof of its own, and all people desirous of helping the destitute should remember that charity begins at home.

THE LEAGUE IS RIGHT.

There is much food for reflection in the expressed belief of the National Municipal league that ward politics finds a place in the cities of this country because the individual voter does not make politics a matter of conscience. The league is right. There is rottenness in the average municipality for no other reason than the carelessness of citizens, who will not exercise their better judgment in primary or caucus, and for personal or other reasons persist in supporting men whom they know to be unfitted for the positions they seek. The same mistakes are repeated year after year, and the taxpayer pays the added bill. Occasionally a light shines brilliantly for a time, but reform is not as a rule supported, and it is quickly snuffed out, while some man in sympathy with the established custom takes his place. Municipal reform is an issue which should not be delayed. The intelligence and honesty of hundreds of cities have been crushed down and made to bear the weight of ignorance for too long for the good of the country. The voter must himself take the question to heart. Until he will realize the millions of money extravagantly expended by incompetent and inexperienced politicians placed by a pull in responsible positions there is no hope; but when the American people are once aroused to the importance of a change there will be a day of reckoning. May it come quickly. We need it.

HOT TIME IN THE HOUSE.

Powers and Barrett Assailed Each Other—Hardy's Threat.

WASHINGTON, Jan. 30.—The house has witnessed another exciting and somewhat sensational episode. At the end of an acrimonious debate on the conference report on the bill to confer the rights and franchises of the Atlantic and Pacific railroad on the purchasers under the mortgage foreclosure, Mr. Powers (Vt.) and Mr. Barrett (Mass.) exchanged broadsides. Mr. Powers defended the conference report against the assaults of a half score of members led by Mr. Barrett. The latter was particularly severe in his criticisms, charging that a stock jobbing operation was behind the measure.

This drew from Mr. Powers, near the close of the debate, a reply in which he charged that Barrett was the home of railroad wreckers, and with keen satire ridiculed the Massachusetts member, and continued that perhaps he was "interested" in his opposition. Mr. Barrett, in responding, was very vicious, not only denying absolutely any interest in the bill, but scoring Mr. Powers, who, he said, was on the supreme bench of Vermont when the Central railroad of that state was "wrecked under its decree."

He was not called to order, but Mr. Groat (Vt.) twice protested against the attack on the judiciary of his state. The report was rejected by an overwhelming majority—71 to 143—and the conferees were instructed to insist on the house amendments.

Just before adjournment Mr. Hardy (Rep., Ind.), who was refused unanimous consent to continue a political speech he was making, declared that he would retaliate by objecting to every request for unanimous consent for the remainder of the session.

TRANSVAAL HAS BROKEN FAITH.

Chamberlain Says Affairs Are Again Critical in South Africa.

LONDON, Jan. 30.—In the house of commons James M. MacLean, Conservative, representing the district of Cardiff, withdrew his amendment to Mr. Chamberlain's motion for the reappointment of a parliamentary committee to enquire into the administration of South Africa, and, incidentally, into the Transvaal raid. He urged that the great public services of Colonel Cecil Rhodes and the fact that he "succeeded in preventing the compact between the Transvaal and Germany from becoming a settled fact" absolved Colonel Rhodes from all blame.

Mr. Chamberlain made a statement in which he declared that the situation in South Africa had undoubtedly become more critical during the last few months. There had been, he explained, a recrudescence of unrest, recent legislation of the Transvaal was partly contrary to the convention of London and President Kruger had not kept his promise to give full and favorable consideration of the grievances of the population.

OREGON TRAIN ROBBERY.

Express Car Dynamited and Several Safes Looted.

SAN FRANCISCO, Jan. 30.—The following particulars of the train robbery near Roseburg, Or., were given out by Southern Pacific officials here:

Train No. 15, northbound Oregon express, was held up at Shady Point, two miles south of Roseburg, by two or three men. The express car was detached from the train by the robbers and the door blown open with dynamite. Two small safes in the car were then blown open and looted. The express car then took fire. The conductor and trainmen worked hard to save the car after the robbers had gone, but the car and contents were destroyed. Not much was secured.

The Prizefight in Nevada.

SAN FRANCISCO, Jan. 30.—Now that Governor Sadler of Nevada has signed the prizefight bill, it is accepted as a settled fact here that the Corbett-Fitzsimmons fight will be held either in Reno or Carson City. Both places are bidding for it, but until Dan Stuart gives the word no one will know which of the towns is to be selected.

Woman's Suffragists Celebrate.

DES MOINES, Jan. 30.—The Woman's Suffrage convention finished its work with a celebration of the victory in Idaho. Speeches were made by Mrs. Colby of Wyoming, Mrs. Bradford of Colorado and Mrs. Woods of Idaho.

Condition of the Treasury.

WASHINGTON, Jan. 30.—The statement of the condition of the treasury shows: Available cash balance, \$230,389,032; gold reserve, 144,522,612.

2,000,000 on Relief Work

CALCUTTA, Jan. 30.—Two million persons are now employed upon the relief works in the famine-stricken districts of India.

The Weather.

Generally fair, except light local snows on the lakes; westerly to southerly winds; warmer in southern portions.

Sore Throat or Tonsillitis.

This disease is found most frequently in young persons.

The symptoms are a chilly feeling with more or less aching pains in the back and limbs.

The fever rises very rapidly, especially the evening of the first day. The patient complains of soreness of the throat and difficulty in swallowing.

On examination, the tonsils are seen to be swollen and usually covered with little white points or spots about as large as a pin head. At times the tonsils are only very red and free from spots. The duration of the disease is from three to ten days.

TREATMENT: Give patient a brisk cathartic, keeping the bowels free all the time. Apply applications of some kind to the throat and give Tonsiline in doses of from a teaspoonful for an adult, down to five or ten drops for small children, as directed in table of doses. Using Tonsiline as a gargle—Tonsiline one part, water three parts—every half hour will hasten recovery. Children sometimes complain of severe earache, which can best be eased by dropping warm sweet oil into the ear every hour or two until relieved. Tonsiline is sold by all dealers. Two sizes, 35 and 50 cents.

The fever rises very rapidly, especially the evening of the first day. The patient complains of soreness of the throat and difficulty in swallowing.

On examination, the tonsils are seen to be swollen and usually covered with little white points or spots about as large as a pin head. At times the tonsils are only very red and free from spots. The duration of the disease is from three to ten days.

TREATMENT: Give patient a brisk cathartic, keeping the bowels free all the time. Apply applications of some kind to the throat and give Tonsiline in doses of from a teaspoonful for an adult, down to five or ten drops for small children, as directed in table of doses. Using Tonsiline as a gargle—Tonsiline one part, water three parts—every half hour will hasten recovery. Children sometimes complain of severe earache, which can best be eased by dropping warm sweet oil into the ear every hour or two until relieved. Tonsiline is sold by all dealers. Two sizes, 25 and 50 cents.

A MONTH OF GAIN.

Nevertheless Business Men Are Disappointed.

EXPECTED TOO MUCH, SAYS DUN'S.

During the Past Week Ten Ironworks and 13 Woolen Mills Have Started Similar Things Seen in Other Industries—The Business Failures.

NEW YORK, Jan. 30.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, says: January has been a month of disappointment, but of real gain. Nearly everybody had promised himself a land of milk and honey after New Year's and the slow progress looks like standing still to men in such a state of mind. Moreover, there are multitudes throughout the country who have been taking large ventures in advance of or apart from their regular business, because they expected a rise in prices. But prices fail as yet to bring them profit.

Yet during the past week the record shows that 10 ironworks have started, and only two have stopped, 13 woolenworks have started and 9 more are about ready to start, while 3 have stopped. Similar things are seen in other industries, and the additional establishments are not starting up without some increase in orders received.

The decline in wheat was over 6 cents in spite of an official report of yield far below estimates generally accepted, reflects perception of the error of the report, and also of the influence of enormous exports of corn instead of wheat, 80,000,000 bushels in seven months. When two bushels of corn can be had for less than one bushel of wheat, it is largely preferred in European markets, and in January 7,859,127 bushels of corn have gone abroad from Atlantic ports, against 5,306,349 bushels last year, while Atlantic exports of wheat and flour have been 5,535,154 bushels, against 8,403,765 last year. As the great crop of corn prevents much advance in its price, its outgo affects the demand for wheat, and a heavy liquidation of speculation has occurred, with the price of corn scarcely changing.

Sales of wool in January have never been surpassed in that month nor in any other month, except last November and July of 1895 and 1892. The price has remained about steady.

Iron and steel show little gain, production having increased so heavily before, and the gradual enlargement of demand for finished products has not overtaken that increase. Lower prices result for Bessemer pig, Grey forge and for southern iron at Chicago, for angle and for cut nails, and the average of all quotations is the lowest since early last year. For sheets there is active demand and better also for bars, on account of much car building. Competition causes sales of tinplates 10 to 15 cents below the agreed price.

Failures for the week have been 231 in the United States against 404 last year, and 57 in Canada against 70 last year.

DECLARES FOR PERPETUAL PEACE.

A Resolution Favoring Arbitration Introduced by Senator Bacon.

WASHINGTON, Jan. 30.—Senator Bacon (Dem., Ga.) has introduced a joint resolution in the senate declaring that the United States favors settling all differences with all nations by arbitration. The closing resolution was as follows:

"Resolved, Further, that the United States hereby invite all civilized nations to make corresponding and reciprocal declaration to the end that wars between nations may cease, and that an universal reign of peace may be inaugurated and perpetually maintained."

Mr. Bacon spoke briefly on the resolution, saying that a declaration by congress, which is the war-making power, would exert far greater influence toward peace and against war than any treaty. He expressed hope that a favorable report would be speedily made by the committee on foreign relations and that congress would make the declarations stated in the resolutions. The resolutions were referred to the committee on foreign relations.

A Challenge to Altgeld.

CHICAGO, Jan. 30.—Judge O. N. Carter, head of the Chicago election commission, in a letter to ex-Governor John P. SHOT HIS WIFE TO DEATH.

Traveling Salesman Colton Then Killed Himself at Cleveland.

CLEVELAND, Jan. 30.—Willard Colton, 46 years old, of 114 Sibley street, has shot and almost instantly killed his wife, Clarissa, aged 52, and shot himself in the head, dying in a short time. Colton came home and entered the bedroom occupied by his wife and her stepdaughter, Mrs. Gertrude Hausch of Perry, O., who came to Cleveland with her two children to visit her mother and stepfather.

Mrs. Colton and her husband quarreled and he threw a lamp at her. They then went to the diningroom, off the bedroom, where the quarrel was continued.

No one knows what took place between them, but soon a shot was heard. Colton had fired a revolver at his wife, the bullet striking her between the shoulders. She died almost instantly. The man then turned the weapon on himself and fired a bullet into his own head and soon expired.

Colton was a traveling salesman for a Chicago shoehouse and drank heavily at times, which led to frequent quarrels between himself and wife. The couple were married in 1892, both having been married before. Mrs. Colton was worth considerable property, being the owner of the spacious dwelling on Sibley street, where the tragedy occurred.

Colton, it is said, very much disliked Mrs. Hausch, his wife's stepdaughter, and her presence in the house undoubtedly led to the quarrel and tragedy. It is believed that Mrs. Hausch would have been killed had she not escaped to the lower part of the house when the shooting began.

TOPEKA, Jan. 30.—The state senate has adopted a resolution instructing the representatives of Kansas in the United States congress to work for the free coinage of silver at the ratio of 16 to 1, but not to oppose tariff legislation.

A MOB AFTER NEGROES.

One Identified by a Woman He Assaulted at Columbia.

LANCASTER, Pa., Jan. 30.—Mrs. Elmer L. Sehner has been brutally assaulted by an unknown negro who entered her home in Columbia while her husband was away. The fellow beat her into insensibility, gagged and assaulted her and fled. When she recovered consciousness several hours later she gave a good description of the negro and the country was scoured by police and citizens.

Detectives of Columbia brought a dozen colored men to this city charged with robbing railroad cars. They are all in jail. One of the men was taken before Mrs. Sehner, and she identified him as her assailant and faintly away without giving any particulars. The officers said that an angry mob had ropes ready to hang the men, and that the situation was very critical until they succeeded in hustling them on board the cars for this city.

WINDOW GLASS STRIKE LIKELY.

President Burns Threatens to Order Out the Workmen.

PITTSBURGH, Jan. 30.—A strike of window glass workers in this city is threatened. President Burns was ejected from McKee's factory for endeavoring to have the men strike, because of the refusal of the firm to deduct 10 per cent of their wages for credit certificates. Mr. Burns claims the refusal to make the deductions is a violation of the wage scale if persisted in by the manufacturers, a general strike will be ordered.

These certificates were given by the men for money advanced to them by the association during idleness. He says he is backed up by telegrams from all over the country asking him to maintain his position in the matter, as well as the dignity of the association.

RUSSIAN FLEETS READY.

A Warlike Move by That Country in the Black Sea.

LONDON, Jan. 30.—A dispatch to The Times from Odessa commenting upon military and naval preparations on the part of Russia says that the Black Sea fleet, consisting of seven ironclads as well as cruisers, gunboats, torpedo boats and torpedodestroyers, is continuously kept under steam and ready for active service.

BRIGHT & SPICY THE NEWS REVIEW.

TWO MEETINGS A YEAR

Sons of Veterans Will Have a County Club.

OVER THREE HUNDRED MEMBERS

The Purpose is to Promote Friendly Feeling and Social Intercourse—Temporary Organization Formed—New Camps in Sight.

The energetic young men who are known to each other and the world as the Sons of Veterans will soon have a county organization, from which they expect to derive much pleasure and profit.

A temporary organization was formed in this city, delegates being present from Lisbon and Wellsville. The officers elected were F. W. Timmons, president; J. A. Calhoun, secretary; A. G. MacKenzie, Wellsville; William Whitacre, Lisbon, and J. A. Calhoun were appointed to prepare a constitution to be acted upon at the next meeting. No time for it has yet been set, but it is the purpose of the leaders of the movement to have the county organization well under way before spring. At present the intention is to have all the Sons of Veterans, their sweethearts and wives, gather twice each year at some place not yet decided upon. The meetings will not be too "military," the leaders say, and all can have a good time.

There are at present fully 300 Sons of Veterans in the county, and many eligible who are not in the organization. Camps will be formed at Columbiana, Clarkson, East Palestine and Leetonia, and Irontown, although not in the county, will be admitted as a member. Garfield camp has been working on the plan for some time, and the members are elated now that it promises to be successful. A meeting of the committee will be held in the near future.

Councilman Peake

Has been quite ill for some time past, but is now able to be about. He is now engaged in attempting to solve the problem based on the adage of "consistency, thou art a jewel," and wonders how members Stewart and Marshall can satisfactorily answer this question, as he says they are now "for" and now "for" questions of the same identical form and nature. John believes these fellow members decide puzzling subjects by tossing pennies, crying out "heads I win, tails you lose." Selah.

Card of Thanks.

The Christians' women's board of missions of the Church of Christ, under whose auspices the lecture of Thursday night was given, for the benefit of Della Robinson, return warm thanks to a generous public for patronage, and to the News Review for courtesies extended, with the prayer that the Giver of all good gifts may bless one and all who contributed to this worthy cause.

MARGARET L. HAQUE, President.

Serrine Pills
RENEW LOST VIGOR

For sale by Alvin H. Bulger, Druggist, Cor. Sixth and West Market, East Liverpool, O.

Sometimes an apparently dead man may be re-

vived—may be re-suscitated. Sometimes it is often hard to tell whether the man is dead or alive. We hear of people who have been buried alive. A man must be completely dead before he can be re-suscitated. It is not to be true that when a man found he had consump-

tion, he gave up immediately. Consumption was considered a necessarily fatal disease. It was considered incurable. As soon as it developed enough so that a physician could decide that it was really consumption, the patient was considered as good as dead. Years ago, Dr. Pierce found out that consumption was not incurable, that it was not necessarily fatal. He not only found out that, but he found out a way to cure consumption. He introduced his "Golden Medical Discovery." The "Discovery" will cure 95 per cent. of all cases of consumption if it is taken according to directions. Consumption is a disease of the blood. It is caused by impoverishment of the blood, and by the existence of disease germs in the system. If the body is perfectly strong and healthy, and the blood perfectly pure, germs are easily thrown off. If the body is weak, if the tissues are incapable of much resistance, the germs find a resting place and develop. That's the way consumption begins. The "Golden Medical Discovery" searches out the germs, forces them out of the system and cures consumption and other kindred diseases of the throat, bronchia and lungs. No doubt about it, no question about it. It has done it in hundreds and thousands of cases. The "Discovery" is sold at drug stores.

The People's Common Sense Medical Adviser, in plain English, or Medicine Simplified by Dr. J. C. Pierce, M.D., Chief Consulting Physician to the Invalids Hotel and Surgical Institute, Buffalo, N. Y., 1008 pages, illustrated, 60c. 200 copies sold at \$1.50. Now sent, paper-bound, ABSOLUTELY FREE on receipt of 21 one-cent stamps to pay for mailing only. Address the Author, as above.

PEOPLE WE KNOW.

They are East Liverpool People, and What they say is of Local Interest.

When an incident like the following occurs right here at home it is bound to carry weight with our readers. The public statement of a reputable citizen living right here at home, one whom you can see every day, leaves no ground for the skeptic to stand on.

Mrs. A. Searight, No. 152 High street, East End, says: "I had a severe attack of kidney disease over a year ago, which confined me to my bed for about three months. It affected my entire system and while I have been able to be about I never got completely rid of it. I suffered almost constantly with a dull heavy pain across the loins; if I sat for any length of time, or did anything that brought me into a stooping position and attempted to rise, there would be a sharp shooting pain in the small of my back that felt as if a knife or other sharp instrument had pierced me. I could not sleep when I went to bed, expecting to get rest. I was often robbed of it by nervousness and pain in my back. I have risen unrefreshed and more tired and worn out than I was when I retired. I had taken so much medicine without being cured that I was discouraged. I belong to the Daughters of Liberty and the Maccabees and notified them to drop me, but they refused to do so. This made me more determined than ever to get well, as I did not want to be a burden to them. Doan's Kidney Pills presented themselves in the form of a news paper account. I got some at the W. and W. Pharmacy. They proved to be the proper remedy for me. Their mild and gentle influence gradually reduced the pain in my back and strengthened the weakness. I am not suffering in any way since taking them, all the symptoms having disappeared. I rest well at night and am gaining in strength and weight every day. Of course I can recommend Doan's Kidney Pills; it would not be right to refuse to, for the benefit of other sufferers."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents. Mailed by Foster-McMillan Co., Buffalo, N. Y., sold agents for the United States.

With little expectation of getting relief, I purchased a bottle. I had taken but few doses when I felt greatly improved; I was enabled to sleep, spitting of blood ceased, and by the time I had taken the second bottle I was entirely well. It saved my life."

MAYOR JONES IS ILL.

But His Report Is Expected Next Monday Night.

Mayor Jones is ill, and it is feared he will not be sufficiently recovered to appear in person at the meeting of council next Monday night, but it is understood the report of the investigation of the charges against Chief Warren will be submitted. The mayor has kept his own counsel, and it is generally believed his finding is locked up in his own mind, nor will it be made known until the appointed time.

Much interest centers on this meeting, because of the open accusation against Councilman Bowers several weeks ago, but his friends believe nothing will come of it. "I don't believe council will take up the matter until it has something more tangible. There is nothing but common rumor at present, and I believe it would not be right to try a man on that. If any citizen believes any official is guilty of wrong let him make a specific charge," said a leading resident.

The News of Wellsville.

Willard Aten, who has been ill with the grip, is recovering, and will be able to attend to business next week.

A lively party of young people went to Salineville last evening, and returned at an early hour this morning.

A daughter of Mr. and Mrs. John Kountz has the membranous croup.

There were two additions to the Christian church last night. Reverend Bower is conducting services in the absence of Reverend Grable.

The clay diggers at the Buckeye and Vulcan works have been out against a reduction, but it is understood they will return to work.

Mr. Hughes, the singer-evangelist, who has been in charge of the choir at the Christian church, is confined at the residence of William Lawson by a severe attack of grip fever. His home is in Lexington, Ky.

The meetings at the Methodist Episcopal church continue with great interest. The dearest place in town is city hall.

The police have nothing to do, and Mayor Jones is ill. It has been a long time since Wellsville was so moral, and some people are mean enough to say it is all on account of the cold.

Tom Moore fell on the ice the other day, and was severely hurt.

The Endeavors of the Presbyterian church enjoyed a sleigh ride last night.

Mrs. A. Fisher is suffering great agony because of a healing in her ear.

Master Henry Snediker has been ill for some time, and his condition is not improved.

Miss Mabelle Benedict, of Wellington, will be entertained by Miss Sue Stevens' son. Miss Benedict is a beautiful singer, trained in a conservatory of national reputation, and expects to organize a class in voice culture in this place and Liverpool.

Parties wishing lamp oil call at Fifteenth and Commerce streets. L. M. Fisher.

This combination is famous the land over, and the residents of East Liverpool will enjoy a treat. Secure your choice seats. Reserved seats at Bulger's drug store.

TWO MEETINGS A YEAR

Sons of Veterans Will Have a County Club.

OVER THREE HUNDRED MEMBERS

The Purpose is to Promote Friendly Feeling and Social Intercourse—Temporary Organization Formed—New Camps in Sight.

The energetic young men who are known to each other and the world as the Sons of Veterans will soon have a county organization, from which they expect to derive much pleasure and profit.

A temporary organization was formed in this city, delegates being present from Lisbon and Wellsville. The officers elected were F. W. Timmons, president; J. A. Calhoun, secretary; A. G. Mackenzie, Wellsville; William Whitacre, Lisbon, and J. A. Calhoun were appointed to prepare a constitution to be acted upon at the next meeting. No time for it has yet been set, but it is the purpose of the leaders of the movement to have the county organization well under way before spring. At present the intention is to have all the Sons of Veterans, their sweethearts and wives, gather twice each year at some place not yet decided upon. The meetings will not be too "military," the leaders say, and all can have a good time.

There are at present fully 300 Sons of Veterans in the county, and many eligible who are not in the organization. Camps will be formed at Columbiana, Clarkson, East Palestine and Leetonia, and Irondale, although not in the county, will be admitted as a member. Garfield camp has been working on the plan for some time, and the members are elated now that it promises to be successful. A meeting of the committee will be held in the near future.

Councilman Peake

Has been quite ill for some time past, but is now able to be about. He is now engaged in attempting to solve the problem based on the adage of "consistency, thou art a jewel," and wonders how members Stewart and Marshall can satisfactorily answer this question, as he says they are now "for" and now "for" questions of the same identical form and nature. John believes these fellow members decide puzzling subjects by tossing pennies, crying out "heads I win, tails you lose." Selah.

Card of Thanks.

The Christians' women's board of missions of the Church of Christ, under whose auspices the lecture of Thursday night was given, for the benefit of Della Robinson, return warm thanks to a generous public for patronage, and to the NEWS REVIEW for courtesies extended, with the prayer that the Giver of all good gifts may bless one and all who contributed to this worthy cause.

MARGARET L. HAGUE,
President.

Sometimes an apparently dead man may be revived—may be resuscitated. Sometimes it is often hard to tell whether the man is dead or alive. We hear of people who have been buried alive. A man must be completely dead before hope should be abandoned. It used to be true that when a man found he had consumption, he gave up immediately. Consumption was considered a necessarily fatal disease. It was considered incurable. As soon as it developed enough so that a physician could decide that it was really consumption, the patient was considered as good as dead. Years ago, Dr. Pierce found out that consumption was not incurable, that it was not necessarily fatal. He not only found out, but he found out a way to cure consumption. He introduced his "Golden Medical Discovery." The "Discovery" will cure 95 per cent. of all cases of consumption if it is taken according to direction. Consumption is a disease of the blood, and by the existence of disease germs in the system. If the body is perfectly strong and healthy, the germs are easily thrown off. If the body is weak, if the tissues are incapable of much resistance, the germs find a resting place and develop. That's the way consumption begins. The "Golden Medical Discovery" searches out the germs, forces them out of the system and cures consumption and other kindred diseases of the throat, bronchia and lungs. No doubt about it, no question about it. It has done it in hundreds and thousands of cases. The "Discovery" is sold at drug stores.

PEOPLE WE KNOW.

They are East Liverpool People, and What they say is of Local Interest.

When an incident like the following occurs right here at home it is bound to carry weight with our readers. The public statement of a reputable citizen living right here at home, one whom you can see every day, leaves no ground for the skeptic to stand on:

Mrs. A. Searight, No. 152 High street, East End, says: "I had a severe attack of kidney disease over a year ago which confined me to my bed for about three months. It affected my entire system and while I have been able to be about I never got completely rid of it. I suffered almost constantly with a dull heavy pain across the loins; if I sat for any length of time, or did anything that brought me into a stooping position and attempted to rise, there would be a sharp shooting pain in the small of my back that felt as if a knife or other sharp instrument had pierced me. I could not sleep when I went to bed, expecting to get rest. I was often robbed of it by nervousness and pain in my back. I have risen unrefreshed and more tired and worn out than I was when I retired. I had taken so much medicine without being cured that I was discouraged. I belong to the Daughters of Liberty and the Maccabees and notified them to drop me, but they refused to do so; this made me more determined than ever to get well, as I did not want to be a burden to them. Doan's Kidney Pills prescribed themselves in the form of a newspaper account. I got some at the W. and W. Pharmacy. They proved to be the proper remedy for me. Their mild and gentle influence gradually reduced the pain in my back and strengthened the weakness. I am not suffering in any way since taking them, all the symptoms having disappeared. I rest well at night and am gaining in strength and weight every day. Of course I can recommend Doan's Kidney Pills; it would not be right to refuse to, for the benefit of other sufferers."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents. Mailed by Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States.

WELLSVILLE.

MAYOR JONES IS ILL.

But His Report Is Expected Next Monday Night.

Mayor Jones is ill, and it is feared he will not be sufficiently recovered to appear in person at the meeting of council next Monday night, but it is understood the report of the investigation of the charges against Chief Warren will be submitted. The mayor has kept his own counsel, and it is generally believed his finding is locked up in his own mind, nor will it be made known until the appointed time.

Much interest centers on this meeting, because of the open accusation against Councilman Bowers several weeks ago, but his friends believe nothing will come of it. "I don't believe council will take up the matter until it has something more tangible. There is nothing but common rumor at present, and I believe it would not be right to try a man on that. If any citizen believes any official is guilty of wrong let him make a specific charge," said a leading resident.

The News of Wellsville.

Willard Aten, who has been ill with the grip, is recovering, and will be able to attend to business next week.

A lively party of young people went to Salineville last evening, and returned at an early hour this morning.

A daughter of Mr. and Mrs. John Kountz has the membranous croup.

There were two additions to the Christian church last night. Reverend Bower is conducting services in the absence of Reverend Grable.

The clay diggers at the Buckeye and Vulcan works have been out against a reduction, but it is understood they will return to work.

Mr. Hughes, the singer-evangelist, who has been in charge of the choir at the Christian church, is confined at the residence of William Lawson by a severe attack of grip fever. His home is in Lexington, Ky.

The meetings at the Methodist Episcopal church continue with great interest. The dearest place in town is city hall.

The police have nothing to do, and Mayor Jones is ill. It has been a long time since Wellsville was so moral, and some people are mean enough to say it is all on account of the cold.

Tom Moore fell on the ice the other day, and was severely hurt.

The Endeavorers of the Presbyterian church enjoyed a sleigh ride last night.

Mrs. A. Fisher is suffering great agony because of a swelling in her ear.

Master Henry Snediker has been ill for some time, and his condition is not improved.

Miss Mabel Benedict, of Wellington, will be entertained by Miss Sue Steven, son. Miss Benedict is a beautiful singer, trained in a conservatory of national repute, and expects to organize a class in voice culture in this place and Liverpool.

Parties wishing lamp oil call at Fifteenth and Commerce streets. I. M. Fisher.

The Wilson Theater Company.

The Wilson Theater company will open a week's engagement at the Grand next Monday evening. The play on Monday is "The Adventuress." The company comes with a good recommendation.

Look At It

in the right light. Think it over carefully. Which is worse—a little care and attention given to the eyes now—or trouble all the rest of your life. Don't forget that all large things grow from small things. Don't forget that a little smarting, or aching, or pain means something—are the seeds from which blindness grows. It costs nothing to be sure your eyes are in a healthy condition. Why not be sure?
